# S4B Studio Award for Best Heritage Development

## Award Criteria

This award recognises innovation excellence in heritage related development or adaptive reuse projects.

The award recognises outstanding conservation projects, adaptive reuse of existing buildings/sites or high-quality infill development within an historic context.

Eligible heritage projects must be listed on a local, state or national or world heritage register. Projects involving the renewal of historic precincts that are listed or contain listed buildings are also eligible.

Eligible entrants will be projects that have been operating for at least one year as at 31 December 2016 and have not previously won the award.

The award is open to members of the Property Council of Australia only.

Innovation in your responses should be clearly expressed.

All finalist projects for the National Awards will automatically be entered into their State Development of the Year. This award is presented in each state at a cocktail party prior to the National Awards Gala Dinner.

The State Development of the Year is determined by the National Awards judging panel and is awarded to the highest scored development in that state. An invitation will be issued to all finalists early in 2017 with details of their State Development of the Year cocktail party.
