Award Criteria

This award recognises and encourages the demonstrated application of sustainability practices that reduce a project's eco footprint over the entire lifecycle.

Eligible entrants are new developments that have been completed in the previous three years and have been operating for at least one year as at 31 December 2016.

The award is open to members of the Property Council of Australia only and who have not won the award previously.

Innovation in your responses should be clearly expressed.

All finalist projects for the National Awards will automatically be entered into their State Development of the Year. This award is presented in each state at a cocktail party prior to the National Awards Gala Dinner.

The State Development of the Year is determined by the National Awards judging panel and is awarded to the highest scored development in that state. An invitation will be issued to all finalists early in 2017 with details of their State Development of the Year cocktail party.
